

Metallurgy & Materials Engineering Society, is a student organization of the **Department of Metallurgy and Materials Engineering, VSSUT Burla**. It was the year 2013 when this organization came in existence and since then it has been playing a significant role in the college. To become a pioneering Department in the college for teaching, research and consultancy in emerging areas of materials science and engineering while consolidating the Department's strength in traditional areas of metallurgical engineering. The department of MME is accredited by its NAAC status which shows its true strength. It acts as an interface between student and the faculty, thereby, removing the gap between them.

Society deals with the problems of the students, analyses them and place them before faculty for their advice. There is a representative of every year from B. Tech. to handle the corresponding problems and the queries of the students. Meetings are then held to discuss the various problems faced and the ways to eradicate them. The various positions in this distinguished organization are: -

1. Faculty Advisor
2. Secretary
3. Treasurer
4. Executive members (II&III)
5. Class representatives from each Year of Undergraduate

The annual selection of all the posts above mentioned are done on the basis of the academics of the respective candidates and the support of the majority of students.

METAPHILIA 2k17

A National Level Student Symposium of the Department of Metallurgy and Materials Engineering

“Extracted”, “Processed” and “Transformed” ... With these metallic terminologies, the innovative and hardworking faculty & student population of the Dept. of Metallurgy and Materials Engineering led to the genesis of its 1st ever National level symposium, “METAPHILIA: The National Level Student Symposium” in the campus of VSSUT, Burla held on the *25th and 26th of March 2017*, presided over our beloved *Hon’ble Vice – Chancellor Prof. E. Saibaba Reddy as a Chief Guest*, Guest of Honour Er. J. P. Nayak; President and Plant Head of Aluminium Smelter, Hindalco Industries Ltd, the Head of the department & Chairman of Metaphilia 2k17, Dr. Sushant Kumar BadJena and the Faculty Advisor cum convenor, Asst. Prof. Gautam Behera.; undoubtedly added another drop of zeal to see this event to the zenith. Let’s observe 2 minutes’ silence for those who missed the monumental and trend setting events, guest lectures and workshops. There were also demonstrations for the benefit of the community and attempt to better the technological cohesiveness between people from various walks of Materials Engineering and other departments. The highlights of METAPHILIA 2k17 were:

1. **Premier Edition:**

Metaphilia 2017 happens to be the 1st ever Metallurgy and Materials Engineering fiesta in VSSUT, Burla. The valour, vigour and ardour employed in the execution of the fest was highly commendable. Appreciation for the committee members poured in from all quarters who marvelled at the event’s excellence.
