## Themes of the workshop

The workshop encompasses various recent research and applications in Mechanical Engineering covering all the specializations like Machine design analysisl Thermal Engg., Production Engg., Material Science and Engg. and Industrial Engg.

## Significance of the workshop

The workshop is being organized with an aim to provide a vibrant platform for academicians, researchers and industry personnel from the related areas to share their knowledge and practical experience. This will definitely provide a multi-disciplinary forum for the exchange of knowledge and expertise in the recent developments in the field of mechanical engineering and its application to industry.

## Resource Persons

The resource persons constitute faculty members from VSSUT, Burla and various guest speakers from other reputed institutions like IITs and NITs and industries.

## Venue of the Workshop

The workshop will be held in the Department of Mechanical Engineering, VSSUT; Burla. Burla town is piquant and truly an educational hub in Odisha as it hosts IIM Sambalpur, Sambalpur University, VSS Medical College and VSSUT, besides a good number of schools and colleges. It is the most ideal place for learning and achieving one's privileged dreams.

RECENT TRENDS IN INDUSTRIAL &  
MECHANICAL ENGINEERING-2016

(RTIME-2016)

March 12<sup>th</sup> and 13<sup>th</sup>, 2016

Organized By

Department of Mechanical  
Engineering  
Veer Surendra Sai University of  
Technology  
Burla, Sambalpur-768018  
Odisha

## About the University

The Veer Surendra Sai University of Technology (VSSUT) Odisha was formed by Orissa Act 9 of 2009 by converting University College of Engineering (UCE), Burla to a non-affiliating Unitary University and came into force from 1st day of July 2009. This University is named after legendary *Veer Surendra Sai*, the great Indian freedom fighter who was born on 23rd January 1809 and sacrificed his life fighting against the British and died in obscurity in Asirgarh Jail on 28th February 1884. The University is situated at the foothill of world famous Hirakud dam, the early history of the University is a fascinating chapter in the story of technical education in Odisha.

Established on 12th Aug. 1956, at Burla in the name of University College of Engineering (UCE), the first engineering college was functioning as a constituent college of Utkal University, Bhubaneswar. The University occupies nearly 300 acres of prime land in Burla, located at 21°30' N 83°52' E 21.5°N 83.87°E. It has an average elevation of 173 metres (567 feet). The town lies at one end of

Hirakud Dam which is located around 2 km north-west of the town. Burla is well connected to Bhubaneswar, Jharsuguda, Raipur and Kolkata with roads and railways.

## About the Department

The Department of Mechanical Engineering has been in existence since the inception of UCE, BURLA in 1956 and is producing high quality technical manpower needed by industry, PSU, R&D organizations, and academic institutions. The department is AICTE accredited. The syllabi of the department has tremendously augmented with many advanced courses. The Department offers B. Tech degree in Mechanical Engineering and M. Tech. degree in Mechanical Engineering with three specializations, i.e., Machine Design & Analysis., Thermal Engg., Production Engg., & Ph. D. degree.

The academic activities of the Department emphasizes deep understanding of fundamental

principles, development of creative ability to handle the challenges of Mechanical Engineering, and the analytical ability to solve problems which are interdisciplinary in nature. The Department also encourages its students to engage in extra-curricular and co-curricular activities, essential for development, nurturing of team spirit, and developing organizational skills. The faculty members of the department are involved in high quality research and consultancy activities, and they continue to enjoy academic leadership role in the state and the country. Many of the faculty members have received advanced degrees and/or training from reputed institutions in India and abroad. Many of our alumni hold prestigious positions in leading academic institutions, industry and government in different countries all over the world.

## Eligibility of Participants

Research scholars, academicians, field engineers, corporate and executives can participate in the workshop only. The ideal audience would be numbered around 100 participants.
