Vision

To emerge as an internationally acclaimed Technical University to impart futuristic technical education and creation of vibrant research enterprises that produces quality engineers and researchers, truly world class leader and unleashes technological innovations to serve the global society with an aim to improve the quality of life.

Mission

Veer Surendra Sai University of Technology, Odisha, Burla strives to create values and ethics in its products by inculcating depth and intensity in its educational standards and need based research through.

- Participative learning in a cross-cultural environment that promotes the learning beyond the class room. Collaborative partnership with industries and academic within and outside the country in learning and research.
- Encouraging innovative research and consultancy through the active participation and involvement of all faculty members.
- Facilitating technology transfer, innovation and economic development to flow as natural results of research wherever appropriate.
- Expanding curricula as appropriate to include broader perspectives and
- Creation of service opportunity for the upliftment of society at large.

ABOUT VSSUT

Veer Surendra Sai University of Technology (VSSUT), Odisha was formed by Odisha Act 9 of 2009 by converting University College of Engineering (UCE), Burla to a non-affiliating Unitary University and came into force by issue of notification by Government of Odisha from 1st day of July 2009 (vide Industries Deptt. Memo No. IV-TTI-33/2009-8553 and 8564 dtd 10.6.2009). This State Government University is recognized by University Grants Commission (UGC), New Delhi under Section 2(f) & 12(B) of UGC Act.

This University is named after Veer Surendra Sai, the great Indian freedom fighter who was born on 23rd January 1809 and sacrificed his life fighting against the British rule and died in Asiragarh jail on 28th February 1884. Veer Surendra Sai is a Perfect role model for our professional and young scholars dedicated for the cause of motherland. The University continues to feel proud for this real life hero.

Situated at the foothill of world famous Hirakud dam, the early history of the University is a fascinating chapter in the growth of technical education in Odisha. Established on 12th August 1956 at Burla in the name of University College of Engineering (UCE), the first engineering college of the state was functioned as a constituent college of Utkal University, Bhubaneswar. The primary objective of establishing the Engineering University is to produce engineers who can manage Hirakud Dam.

The University occupies nearly 300 acres of prime land in Burla. Indeed the contribution from the Irrigation Department of Odisha was the decisive element in determining the location of this University.

Burla is located at 21° 30'N 83° 52'E 21.5°N83°E. It has an average elevation of 173 metres (567 feet). The town lies at one end of Hirakud Dam which is located around 2km North-West of the town. The Jawahar Minar offers picturesque views of the dam, the lake and the surrounding of forest of Barapahad (12 hills). At the other side of the dam is the township of Hirakud. Burla is piquant and truly University town as it hosts the Sambalpur University, the VSS Institute of Medical Sciences and Research (VIMSAR) and the Veer Surendra Sai University of Technology, Burla. It is the most ideal place for learning and to achieve one's privileged dreams. Burla is well connected to

Bhubaneswar, Raipur and Kolkata with roads and railways. Veer Surendra Sai Airport at Jharsuguda is 60km distance from VSSUT. Burla is only 10 km away from Sambalpur by road and railways. In 1956, UCE started with 20 students enrolling into 3 branches, namely Civil Engineering, Electrical Engineering and Mechanical Engineering. It was brought under administrative control of Sambalpur University in January 1967 and later under Biju Patnaik University of Technology (BPUT) by BPUT Act 2002 in July, 2002.

With a glorious history and strong academics staff, VSSUT is strongly identified with engineering education in India. Since its inception and foundation, VSSUT has constantly led the way in reform movements, taking pivotal roles in reconstruction, modernization and administration of the society. The University has a strong alumni base and most of them occupying coveted positions in many educational, industrial and research organization all over the world. The efforts and expertise of VSSUT graduates have been the major contribution in planning and construction of Odisha infrastructure.

VSSUT provides its students with modern educational facilities while retaining traditional values as well as using its strong industrial contents to mold young, talented individuals who can compete in the arena. The aim of VSSUT is to rank among leading

University globally. Consequently, mission is to be competitive not only in India, but all over the world. The University has adopted a dynamic, global, creative and communicative approach in education as well as research and development. Keeping abreast with modern developments, VSSUT is constantly restructuring itself and renovating its physical infrastructure as well as its research and development facilities in various department and central facilities such as computer centre, library, internet centre, central research facility and workshop. Government of Odisha has recently funded to establish an Innovation-cum-Incubation Centre at VSSUT campus. Separate halls of residence are available for the students in the campus. Semester pattern system is being followed for both Undergraduate and Post Graduate Programmes and the medium of instruction is English. The syllabi are updated at regular intervals keeping in pace with the advancement in technology and need of the industries so as to maintain the level of technical education at par with other institutes of international repute. The University has infrastructures for all the indoor and outdoor games.

The following academic programmes are available at VSSUT

- Bachelor of Technology (B.Tech)
- Bachelor of Architecture (B.Arch.)
- Master of Technology (M.Tech)

- Dual Degree Programme (B.Tech.& M.Tech.)
- Master of Science (M.Sc.)
- Integrated M.Sc.
- Master in Computer Application (MCA)
- Master in Philosophy (M.Phil)
- Doctor of Philosophy (Ph.D.)

Seven UG programmes and Eight PG programmes of the University have got NBA Accreditation. The University has also got NAAC Accreditation during 2016-17. Admissions to various Masters programmes are conducted by the University. Admission into B.Tech. programme is made based on the all India rank secured in JEE (Main) through OJEE. However, admission to B.Tech.(LE) as well as MCA programmes are based on OJEE rank through Odisha Joint Entrance Examination(OJEE). All the programmes are approved by AICTE. Admission to 5 yrs. Integrated M.Sc. Programmes are done through an entrance examination conducted by VSSUT. The University has a QIP centre

for Ph.D. Programme in engineering disciplines. It is also a National Doctoral Fellowship centre.

- The Training and Placement section of the University plays a very important role in counseling and guiding the students for their successful career placement. More than 50 reputed National and Multinational companies visit VSSUT for campus recruitment annually. 100% of the eligible students secure job offers before they complete their programme of studies and leave the University. The placement section ensures and takes care to provide the best arrangements and hospitality for the visiting company officials. Further, the students of this University are doing extremely well in national level examinations like GATE, CAT, MAT, XAT, GRE, TOEFEL, IES and other competitive examinations. The students have taken up challenges in innovations for betterment of the society.

DEPARTMENT OF ARCHITECTURE

1. About the Department:

The Department of Architecture was established in the year 2013 in VSSUT, Burla. Presently, the department is offering a five-year undergraduate B. Arch course with an emphasis on professional training. Its teaching program covers the broad spectrum of understanding, designing and constructing human habitat and environment. The course opens up opportunities for advanced studies and professional career in designing, planning and managing of built environment and extends to new frontiers of allied disciplines.

The department has the unique advantage of developing within a reputed Technical University and connecting with the oldest and highly experienced multi-disciplinary faculty of Odisha. It also has the distinction of being located in the culturally and environmentally rich region of Odisha.

The department is committed to ensure that the students are nurtured in an environment where there is unhindered 'accessibility' to knowledge resources and 'sustainability' of social and cultural values. The department is keen to imbibe the spirit of innovation, environmental sensitivity and creativity among the students in its endeavor for academic and professional excellence. Within the stringent academic environment there is abundant opportunity of co-curricular and explorative activities, where team spirit, leadership qualities, management skills and tech-proficiency are developed.

There is good opportunity to get exposure of up-to-date technological advancement, and knowledge of emerging research fields through the international conferences and symposiums regularly organised by the University. The University has state-of-art facilities for students to explore allied technical fields. By harnessing the available opportunities and potentiality the Department is striving to mark its footprint by emerging as a prominent centre of Architecture education in India.

5. Other information of the Department:

Department of Architecture is a milestone in the history of this University. The Department is proud to have creative budding Architects of the future having run four years in the arena of Architectural education in the state. This department believe in creating a work culture having a continuous and never ending team spirit. The department has organized several industry interaction lectures and design workshops.

The Benchmark in quality teaching and academic discipline is the hallmark of the department. Our students have been highly acclaimed in receiving accolades from the Indian Institute of Architects, Odisha Chapter who were the organizers of the 8th Design Carnival at Bhubaneswar. Apart from these the students are also participating in various state and national level events like techfest, ZoNASA etc. The students of the Department are highly appreciated by the university authorities during the Samavesh 2015 by organising Creative Extra Vaganza. Outstanding display by the students of Architecture was also showcased through Archiz Fiesta Event and open day exhibition during Diamond Jubilee. The department has undertaken Architectural consultancy work for Government Project.

The overall growth of the department in several fronts is possible due to combined efforts of highly qualified faculty and enthusiastic students. The department is very proud and privileged to have the faculty, staff and students who aspire to fulfil the dreams of this department to become a centre of excellence in the fields of innovation and creativity.

DEPARTMENT OF CHEMICAL ENGINEERING

1. About the Department:

The Department of Chemical Engineering, Veer Surendra Sai University of Technology is setting its footprint in 2014 with 4 year B.Tech. programme to inculcate students with a strong fundamental knowledge in the field of chemical Engineering and to meet the challenges of rapidly changing technological environment. The branch of Chemical Engineering deals with the chemical processes for manufacturing of different products, designing of related equipments. The Department to impart quality education for the students in all areas especially in the upcoming areas such as Nanotechnology, bio-medical engineering, bio-molecular engineering, environmental engineering, biochemical engineering, process control, pharmaceutical processing etc. The department will start M.Tech. courses in emerging areas very soon.

Vision

To become a nationally and internationally acclaimed department of higher studies to prepare students to meet new challenges faced by chemical and related industries through green technologies.

Mission

- I. To impart strong fundamental knowledge to the students to face the new world in a rapidly changing technological environment.
- II. To carry out interdisciplinary research so as to address the needs of chemical engineering in particular and society in general.
- III. To develop leadership qualities in the students to solve chemical engineering problems keeping in mind the safety and environmental concerns.

2. Faculty details :

Name	Qualification	Specialization
1. Dr. Achyut Kumar Panda (H.O.D)	M.Sc., M.Phil, Ph.D (Chemical Engg, NIT Rourkela)	Organic Chemistry & Chemical reaction engg.
<u>ASSISTANT PROFESSORS</u>		
2. Ms. Nivedita Patel	BE (Berhampur Univ.), M. Tech, (BIT, Mesra)	Fuels and Combustion, Thermochemical conversion of WEO to liquid fuel

3.	Dr. Krushna Prasad Shadangi	Ph.D., (IIT, Guwahati) M.Tech. (NIT Rourkela) B. Tech. (BPUT)	Biofuel, catalysis, Kinetics, waste water treatment
4.	Mr. Amit Kumar Behera	B. Tech, (NIT Warangal), M. Tech, (IIT, Guwahati)	Waste water treatment techniques
5.	Mr. Veda Prakash	M. Tech, (IIT, Roorkee)	CAPPD
6.	Mr. Anil Kumar Murmu	B.Tech (NIT Warangal), M.Tech(IIT Kharagpur)	Mineral Processing
7.	Dr. Lipika Parida	M.Tech (IIT,BHU), Ph.D (IIT,Kharagpur)	Biomechanics of C. elegans, Rheology, Soft-Lithography Simulation of Reactions

3. Courses offered :

- B. Tech. in Chemical Engineering
- Ph.D. in Chemical Engineering

4. Laboratory details

The list of equipments for the following labs are as follows.

1. Heat Transfer Lab.

- Heat Transfer Through Composite Wall
- Thermal Conductivity of Liquids
- Parallel Flow/Counter Flow Heat Exchanger(shell and Tube, Double pipe)
- Dropwise/Filmwise Condensation Unit
- Stefan Boltzmann Apparatus
- Heat Transfer from a Pinfin
- Heat Transfer through Natural Convection

2. Mass Transfer Lab.

- Vapour in Air Diffusion
- Vapour Liquid Equilibrium(Computerized)
- Humidification and De-Humidification
- Simple distillation setup
- Wetted wall column
- Sieve plate Distillation Apparatus

3. Chemical Engineering Thermodynamics Lab.

- Air Conditioning Test Rig
- Water to Water Heat Pump Test Rig
- Separating & throttling calorimeter

4. **Chemical Reaction Engineering Lab.**
 - Isothermal Batch Reactor
 - Continuous Stirrer Tank Reactor(CSTR)
 - CSTR in series Cascade CSTR
 - Isothermal Plug flow Tubular reactor coiled tube type
 - Straight Tube type Plug Flow Reactor
 - Mass Transfer with and without chemical reaction
5. **Fluid Dynamics Lab.**
 - Discharge through venture meter and orifice meter
6. **Fuel and Combustion Lab.**
 - Conradson apparatus
 - Smoke Point Apparatus
 - Pour Point Apparatus
 - Muffle furnace
 - Incubator Digital
 - Distillation Apparatus
 - Pensky Martens Apparatus
 - Engler Viscometer
 - Bomb Calorimeter (Manual)
 - Bomb Calorimeter (Automatic)
 - Hot Air Oven
7. **Material Handling Lab.**
 - Standard Test sieves
 - Cyclone Separator
 - Wilfley Table
 - Jaw crusher
 - Roll crusher
 - Magnetic Separator
 - Plate and Frame Filter
 - Forth flotation cell
8. **Process Control and Instrumentation Lab.**
 - Control Valve characteristics Apparatus
 - Flow Process Control Trainer System
9. **Computer Aided design Lab.**
 - Chem.Cad. Design
10. **Process Technology Lab.**
 - UV-Visible spectrophotometer

5. Details of research area of faculty members:

Sl. No.	Name of the faculty	Research area
1.	Ms. Nivedita Patel	Fuel & Combustions, thermochemical conversion of NEO to Liquid fuel techniques
2.	Mr. Amit Kumar Behera	Waste Water Treatments
3.	Mr. Veda Prakash	Process Design
4.	Dr. Krushna Prasad Shadangi	Bio-diesel, Thermo-chemical Conversion of biomass to liquid fuel, Hydro-deoxygenation of oil, Liquid-liquid extraction, Catalyst preparation and characterization, waste water treatment.
5.	Mr. Anil Kumar Murmu	Mineral Processing
6.	Dr. Lipika Parida	Biomechanics of C. elegans, Rheology, Soft-Lithography, simul at of reactors.

6. Sponsored Research Projects (On going): Nil

7. Consultancy:

The consultancy offered by the department include: (i) Testing of all the properties of solid and liquid fuel, (ii) Characterisation and treatment of waste water, (iii) Design of equipment including reactor, distillation column, absorption column etc., (iv) Modelling of chemical process, (v) Energy optimisation using pinch technology.

DEPARTMENT OF CHEMISTRY

1. About the Department:

The Department of Chemistry started with the establishment of University College of Engineering (UCE) in 1956 (presently, Veer Surendra Sai University of Technology (VSSUT) (UGC Recognized Unitary Technical University Established by Government of Odisha in 2009). The department introduces the basic fundamentals of chemistry to the students at B.Tech. level. The department offers two year Master of Science (M.Sc.) in Chemistry five year Integrated M.Sc. (Int. M.Sc.) in Chemistry, Master of Philosophy (M.Phil.) in Chemistry, Doctor of Philosophy (Ph.D.) in Chemistry. These courses have been designed to generate researching for higher learning and solve the immediate problem of industries in and around Sambalpur as well as in the state and country. It includes advanced studies on Biomaterials, Nanomaterials, Nanotechnology, Surface Technology, Material Science, Organic Chemistry, Inorganic and Physical Chemistry, Organic synthesis, medicinal chemistry, pericyclic, Chemistry of Materials, Ferrous and Non-Ferrous Materials, Industrial Processes, Environmental Chemistry, Polymer Chemistry, besides the General Chemistry courses. The sessional and practical works consisting of problems related to industrial and applied chemistry are also incorporated in the syllabus for strengthening knowledge of the students. Courses have been prepared according to UGC, NET, and GATE guidelines.

6. Consultancy:

Testing of materials like cement, oil, water, lubricants, etc. are carried out in the laboratories of the department besides, the department gives suggestions and scientific deliberations on drinking water quality and their purification methods.

7. Continuing Education Programme:

The department had conducted short term training programme on environmental chemistry and related areas.

8. Research Projects:

Following sponsored research projects are sanctioned by funding agencies in the Department:

1. Prof. P. K. Kar: Corrosion Inhibition Studies of Metal Chelates(2006-08); AICTE, Govt. of India.
2. Dr. S. Dash: Synthesis, Characterization, and Photochemical studies some Novel Polymethine Cyanine Dyes (2007-09); AICTE, Govt. of India.
3. Prof. S. K. Swain: Acoustical Investigation of Some Pharmaceutical Proteins (2014-17); Department of Biotechnology, Govt. of Odisha.
4. Prof. S. K. Swain/Dr. P. Mohapatra: Preparation and Characterization of Graphene Nanocomposites by Reinforcement of Transition Metal based Quantum Dots (2015-18); EMR-II, CSIR, Govt. of India.
5. Dr. Ramakrishna D. S.: Total Synthesis of Biologically Active Carbazole Alkaloids: Glybomines A-C and their analogues (2014-17); UGC-FRP Scheme, Govt. of India.

DEPARTMENT OF CIVIL ENGINEERING

1. About the Department:

Civil Engineering plays a vital role in the growth and development of any nation. Infrastructures like roads, buildings, railways, airports, dams, drainage & irrigation canal system, water supply network need the knowledge and services of Civil Engineers. It comprises of many specialisations like Structural engineering, Geotechnical Engineering, Hydraulics and Water Resources Engineering, Environmental Engineering, Transportation Engineering and Geo-informatics Engineering. Recognizing the rapid, extensive and emerging development in civil engineering, the degree programme includes computer aided analysis & design and remote sensing besides an integrated and systematic foundation in physical engineering sciences like solid, fluid and soil mechanics, materials, graphics and surveying. The sequential provision of subjects develop the engineering mythology and practice as applied to planning, design and control of buildings, bridges, hydraulic structures environmental system, transportation system and others. The programme instills in the students, a professional approach through project work and practical training during vacations. Department encompasses well-trained faculties in all major specialisations like Structural engineering, Geotechnical Engineering, Hydraulics & Water Resources Engineering, Environmental Engineering and Transportation Engineering. Since 2012 regular masters and Ph.D. courses in all major specialisations and from 2015 dual degree program in Structural Engineering have been initiated.

3. Courses Offered :

B.Tech in Civil Engineering.

M.Tech. in Civil Engineering with specialization in

- Structural Engineering
- Transportation Engineering
- Water Resources Engineering
- Geo-Technical Engineering
- Environmental Science & Engineering

Dual Degree: B. Tech in Civil Engineering and M. Tech in Civil Engineering with specialization in Structural Engineering.

Ph.D degree in all major areas of Civil Engineering.

3. The department is the "State Technical Agency appointed by "National Rural Roads Development Agency" NRRDA, Govt. of India, New Delhi, to scrutiny the DRPs for rural roads under PMGSY.
4. The department is chosen as consultant for the redesign and checking the adequacy Building of RBI, Bhubaneswar against earthquake.
5. Checking of Structural Design and Drawing of B. R. Ambedkar Medical College & Hospital, Raipur.
6. Proof checking of structural Design & Drawing and Conducting NDT and Issue of Structural Stability Certificate of Part C Building of CIPET, Bhubaneswar.
7. Checking the Design of Elevator of Rairakhol Railway Station of Sambalpur Division of East Coast Railway.
8. Checking the Structural Drawing and Adequacy of Self Supporting Towers and Guyed Masts of Mahanadi Coalfield Limited, Burla.

9. Survey of Water Surface Area of Power Channel of Hirakud Dam, Burla.
10. Geotechnical investigation for coal washery at Talcher, BSNL office building, RBI Bhubaneswar, MCL and various private Organizations.
11. Recommendation of design mix for embankment blanketing material and stability analysis of high embankments of Sambalpur-Talcher rail link project.
12. Soil Investigation for Works department, Water Recourses Dept., Govt. of Odisha, Indian Railways, BSNL, MCL, SAIL, NTPC, etc and various private Organizations.
13. Department has designed a water supply scheme for twenty two villages of Rengali Sasan of Sambalpur district.
14. The department has completed a project on fly-ash generation and utilization in the state of Odisha for the Year 2014-15.
15. The department is engaged to assess the impact of fly-ash ponds of major thermal power plants in the state of Odisha.
16. Proof checking and quality control of buildings for Central Government Employees Welfare and Housing Organisation
17. Proof checking of Water tanks, RWSS Division, Bhubaneswar
18. Performance study of Pavements under PMGSY
19. Proof checking of building, NAC, Boudha
20. Hydrological Survey for Ash Pond and Redmud Pond of NALCO, M&R Complex, Damanjodi
21. Contour Plotting and Soil Investigation for Proposed Coal Washeries at various project sites of MCL Coal Mines, Odisha
22. Project Report (DPR) on "Water Supply to uncovered area of Sambalpur Town" and "Improvement of Sanitation System of Sambalpur Town" under Urban Infrastructure Development Scheme for small and Medium Towns (UIDSSMT) for Sambalpur Municipal Council
23. Safety and Stability Analysis of Starter Dykes and Design of Raising of Dykes for Ash Pond, Vedanta Aluminium Limited, Jharsuguraha
24. Checking of design and drawing of Town Hall-cum- Auditorium, Binka N.A.C.
25. Vetting of design & structural drawing of AGE E&M & AGE B&R, subdivision office & accommodation for security control systems at DMRL
26. Vetting of Hydraulic design, structural design and estimates of overhead tanks, and water treatment plant for integrated rural piped water supply schemes of Sambalpur division

27. Third party quality assurance check for Hindustan Steel Works Construction Limited
28. Assessment of water spread area of power channel of Hirakud system.
29. Study of safety and stability of Dyke of Ash Pond, CPP, NALCO, Angul.
30. Proof checking of structural drawing and design of OSHB buildings at Bhubaneswar & Angul.

8. Other Information of the Department:

Department generates highest revenue for the institute through various major consultancy projects from Government, Public Sector Undertakings and Private Industries along with normal testing of civil engineering materials. The alumnae of this department presently hold various important positions in the industry, state and central governments, national and international academic and research institutions. Our students have been highly acclaimed by the selection committee of prestigious Companies.

DEPARTMENT OF COMPUTER APPLICATION

1. About the Department:

The Master of Computer Applications (MCA) program was started in 1993 with an intake of 30 and one of the oldest Department of VSSUT, Burla. It is committed to impart quality education in the sub-fields of IT, a field growing in leaps and bounds. The curriculum is so made that the course provides a good theoretical foundation through high-quality teaching complemented by extensive practical training. It is dedicated to the mission of inculcating value-based, socially committed professionalism to the cause of overall development of students and society. This department comprises of six faculty members (out of them Four Faculties with doctorate degrees) and is actively involved in research and in carrying out projects besides teaching. The persistence of the dedicated faculty in maintaining the standards is manifest in the successful placement and in the production of Ph.Ds. To keep in touch with the ever growing technology, the faculty members participate regularly in refresher courses and symposia conducted by various universities and research institutions. The students are provided with ample opportunities to improve their organisational skills and group dynamics. They are motivated to handle seminars and to participate in group discussions. Apart from emphasizing on consistent and good academic performance, the department encourages participation in the co-curricular and extra-curricular activities to bring out the latent talents in its students. To impart the knowledge of reasoning, analytical ability for various competitive examinations the course includes subject as Mathematical Foundation of Computer Science, Discrete Mathematics, Cloud Computing etc. For overall development of student subjects such as Professional Communication in English, Oral and Written Communication and Practical's and Training of Personality Development, Interview Preparation, Group Discussion etc. are also included in curriculum. This overall combination of subjects gives them sound and excellent background for any competitive environment. This also provides them with increase opportunity in Institute Campus Placement. The students are now highly placed in many reputed companies of India as well as abroad. The students are placed in many top level Companies like TCS, Infosys, Accenture, Capgemini etc.

Vision

To create Intellectual capital in the area of Computer Science and Applications through providing quality education to meet ever changing skill requirement of the industry and academia. To establish specialized facilities for development and absorption of Emerging & Time Relevant Technologies to enrich the student's skill set.

Mission

To produce Qualified Post-Graduates who are competent in the areas of Computer Science and Applications and able to meet the challenges of ever changing industry requirements at global and national level. To develop strong theoretical concepts complemented with practical trainings. To inculcate innovative skills, research aptitude, team-work, ethical practices in students so as to meet expectations of the industry as well as society.

Well equipped Computer Laboratory with facilities for Database, Programming lab, Project lab, Networking lab, Computer Graphics & Multimedia and Linux lab. In Windows laboratory, each student can have hands-on experience in practical applications that enhances the knowledge imparted in the theory classes. The course content has been well mapped with future career prospects of the MCA students.

Department has more than 50 text books for immediate reference by the students and faculty members. Ph.D in Computer Application has started from the year 2016.

The Department has a student's society in which students and faculties are the members. The society is mainly meant to build up a good academic atmosphere by organizing lectures/seminars/workshops by outside speakers and also by the members of the society.

From 2013, a Departmental Annual Technical Symposium 'ADHRIT', of the MCA Student Society has been started, where the students have proved their talent in different technical, cultural, social events. Alumni's have also extended their helping hand to make the event successful since its inception.

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

1. About the Department :

The Department of Computer Science and Engineering was established in 1994. It has produced high quality technocrats for the last few decades to cater to the needs of hardware and software industry, R&D organizations, and academic Institutions. The syllabi of the Department are updated with many advanced courses to enable students to keep themselves at par with the cutting edge-technology. The teaching in the department emphasizes on fundamental principles, development of creative thinking and the analytical ability to solve real life problems. The Department also encourages its students to engage in extra-curricular and co-curricular activities, personality development, developing team spirit, and organizational skills.

The department has a library with good number of books, journals and magazines to help the students to upgrade their outlook in various areas of Computer Science. The department organizes National Technical Seminars, Exhibitions and Industry-Institute Interaction Programme every year. B. Tech CSE, and M. Tech CSE programme are accredited by “NBA”.

Mission

To produce best quality computer science professionals and researchers by providing state-of-the art training, hands on experience and healthy research environment.

To collaborate with industry and academia around the globe for achieving quality technical education and excellence in research through active participation of all the stakeholders.

To promote academic growth by establishing Centers of Excellence and offering inter disciplinary postgraduate and doctoral programs.

To establish and maintain an effective operational environment and deliver quality, prompt, cost effective and reliable technological services to the society aswell as compliment the local and global economic goals.

Vision

To be a recognized leader by imparting quality technical education and thereby facilitating the extensive research environment, equipping students with latest skills in the field of technology supplemented with practical orientation to face challenges in the fast morphing modern computing industry and academia for the betterment of the society

DEPARTMENT OF ELECTRICAL ENGINEERING

1. About the Department:

The Department of Electrical Engineering of the erstwhile University College of Engineering, Burla is one among the first branches to be instituted in 1956. The department has grown in consonance with the changing needs of the society and pushed new frontiers of the discipline without shedding its strength in core areas of electrical engineering. The department has integrated modern pedagogical methods incorporating the focus to instill 21st century skills in the students. The contribution of the department to nation building is highlighted by the prominent positions the alumni occupies across the world. The industry institute interaction has been significantly improved over the years resulting in capacity building. The graduates of the department continue to be in great demand by the industry which is attested by the fact that about thirty industries recruit from the discipline every year through campus placement. The department has a mini library with more than five hundred books and periodicals. The department has a society named “Electrical Engineering Society” in which all students and faculty members are members. The significance of the department can be judged by the fact that the Government of Odisha has approved to open a Center of Excellence in Electrical Engineering with an approximate investment of Rs 10 crores. The department currently offers B.Tech. in Electrical Engineering, M.Tech. in Electrical Engineering with three specializations, that is, Power System Engineering, Power Electronics Control of Drives and Control and Instrumentation. The UG and PG programs of the department has been approved by AICTE and accredited by National Board of Accreditation.

Mission

To produce Electrical Engineers with dynamic well rounded personalities adaptable to ever increasing demands of emerging technologies involving analytical and practical skills.

Vision

- To develop the department as a renowned academic centre of learning in the discipline of Electrical Engineering.
 - To establish research and development centre of repute so as to encourage active participation with industry by staff and students to take on practical problems of industry and to provide feasible solutions.
 - To establish tie-ups with institutions of national and international repute and to foster building up of a wide knowledge base to keep in tune with ever increasing demands of technologies.
- Developing simple, appropriate technologies, which will be instrumental in the up-liftment of rural society.

10. Consultancy:

List of testing and R&D facilities available in the Deptt. of Electrical Engg.

- Measurement of dielectric loss factor ($\tan\delta$), capacitance and permittivity of solid dielectric (up to 10 KV) using shearing bridge.
- Breakdown strength tests on solid, liquid and gaseous dielectrics using AC (100KV), DC (280 KV) and impulse (140 KV, 0.49 KJ, L.I.).
- Testing of dielectric strength of the insulating oil (transformer oil etc.) as per relevant I.S.S.
- Calibration and testing of energy meters as per relevant standards.
- AC Power measurement.
- Testing of dielectric strength of insulators:
 1. Dry / Wet flashover test.
 2. Dry / Wet flashover test with one minute withstand test as per relevant I.S.S.

- Testing of circuit breakers. (specification :230V / 400V, 0-100 A)
 1. Measurement of low resistance by Kelvin's double bridge(0-0.001 Ω)
 2. Measurement of insulation resistance of any equipment/ dielectric samples.
 3. Measurement of earth resistance.
 4. LCR Q-measurement.
 5. Wave form Analysis.

11. Other Information of the department

The faculty members have large numbers of research publications in international journals and have received international recognition. The Department has organized continuing education programs in the following areas for the benefit of the field engineers and the faculties of various institutions inside as well as outside the state.

- a) Power System Operation & Control
- b) Intelligent Systems and their Applications to Modern Power Networks
- c) Power Quality Issues
- d) Information Technology
- e) Power system Optimization
- f) Power Electronics and Drives
- g) MATLAB / SIMULINK
- h) Microprocessor, Digital Electronics, DSP, VLSI, Soft Computing,
- i) Control System Design and Analysis
- j) Power electronics control
- k) Renewable energy sources
- l) Micro-grid

DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

1. About the Department:

The department of EEE is made functional with an aim to produce qualified engineers with sound knowledge in electrical engineering and a strong background in electronics. At present, it offers one undergraduate degree, B.Tech. in EEE. Initially, the department was established in year 2010, combined with existing Electrical Engineering department. It becomes operational as an independent department in year 2020. The department is offering an excellent academia environment to pursue B.Tech. in EEE, M.Tech. in control and instrumentation (C&I) engineering, and Ph.D. in experts available with department in specialized domain of research. This department also aims to establish itself as a forefront in R&Ds in the areas of Smart Grid, Power System Optimization, Power System Instrumentation, Industrial Automation, Smart Sensors, Robust Control, Image Processing, Digital Signal Processing, Industrial Communication, Biomedical Instrumentation, Internet of Things (IoT) & Cyber Physical System. The department have five ongoing research projects of worth more than ₹ 50 lakhs in its credit, funded by CPRI, Bangalore, Ministry of Power (MoP), Govt. of India and NPIU-MHRD, New Delhi.

Presently, the department has well-equipped state-of-the-art facility to test and calibrate the gas density sensor for SF6-GIS environment, funded by the Central Power Research Institute (CPRI), Bangalore, Govt. of India. The department also has some other sponsored project funded by NPIU-MHRD under TEQIP-III grant in the areas of IoT and Cyber Physical System, Image Processing, and Communication System engineering. In this way, the department has shown its deep involvement in industry-academia tie-up to solve some of real life for our society related to specialized domain of EEE in India. We are also aiming to establish different laboratories to augment the course works and enhance the experimental tests, validation, and research potentials such as Instrumentation & Sensors Lab (Masters), Control Lab (Masters), CAD Electrical, Signals & Systems Lab, Network Lab and Measurements and Instruments Lab.

Our more than 80% final year students have already been successfully offered for job by various companies, viz., L&T, Bhusan, Adani, Jindal, TCS, Infosys, Tech Mahindra etc. EEE students put their footprint at national and international level competitions from

IITs, ISRO, BARC, HAL and Russian Federation. This glorious journey is kept on continuing by the students to achieve new heights. Further, Two of our faculties have been awarded Fellow position by the Institution of Engineers (India), Life Member by ISTE, India, and Senior Member by IEEE, USA. The department holds one Patent in its credit; adapted one international edition book for Indian subcontinent, published one more book, and also have credit of publishing numerous high standard journal papers by different publishing houses of national and international repute. Our faculties are actively involved in different working groups of international committees for the implementation of Standards and Protocols.

VISION AND MISSION:

Mission: The graduates in Electrical & Electronics Engineering program of VSSUT Burla strives to create world class Electrical & Electronics Engineers by

- Imparting quality education to its students and enhancing their skills
- Encouraging innovative research and consultancy by establishing the state of the art research facilities through which the faculty members and engineers from the nearby industries can actively utilize the established the research laboratories
- Expanding curricula as appropriate to include broader prospective
- Establishing linkages with world class R&D organizations and leading educational institutions in Indian and abroad for excelling in teaching, research and consultancy
- Developing simple and appropriate technologies for rural areas and eventually contributing to sustainable development of the society

Vision: The graduates in Electrical & Electronics Engineering program of VSSUT Burla strives to be recognized globally for imparting outstanding technical education and research leading to well qualified truly world class leaders and to unleash technological innovations to serve the global society with an ultimate aim to improve the quality of life.

3. Courses Offered:

The Department of Electrical Engineering and EEE offers

- i. B.Tech. degree in Electrical and Electronics Engineering (EEE).
- ii. M.Tech. degree in Electrical Engineering with specialization in Control & Instrumentation.
- iii. Doctor of Philosophy (Ph.D.) in specialized research areas of EEE.

4. Laboratory Details:

The Department is in process of establishing following labs to provide hands-on experience to students, and also to support faculties in their research areas, related to EEE.

S. No.	Name of the Lab. (UG, BTech and PG, MTech)	Major Equipment
1	Network Theory Laboratory	Choke coils, Single Phase Energy Meter, CRO's, Rheostats, Wattmeter's, Function Generators Spectral analyser of a non-sinusoidal wave form.
2	Measurement and Instrumentation	Kelvin's double bridge, Potential Transformers, Thermo Couples, Current Transformers, Traducer & instrumentation kit: force, displacement, moisture, velocity measurement; Linear system simulator.
3	Analog and Digital Electronics	BJT basing kit; Power amplifiers kit; FET characteristics kit; Oscilloscope, Function generator, Transistor power supply; Digital IC trainer kit, FPGA kit, Xilinx kit.
4	Microprocessor & Microcontroller	8085 and 8086 microprocessors kits (LCD version), 8051 microcontroller (LCD version), LCD interfacing with 8051, DAC, ADC interfacing with 8051, 8085 Microprocessor based relay testing kit, Stepper motor controller interface.
5	CAD Electrical Apparatus	MATLAB & Simulink platform; OPEL-RT, hardware to be procured.
5	Signal & Systems I-and-II *	Performed using MATLAB & Simulink platform; hardware to be procured.
6	Communication System *	Performed using MATLAB & Simulink platform; hardware to be procured.
7	Control Systems (M.Tech.)	Digital Control, Programmable Logic Control (PLC) Trainer; PAC module, NI-cRIO, ELVIS-III, Inverted Pendulum
8	Instrumentation and Sensors (M.Tech.) **	Smart Sensors Testing and Calibration facility, Data Acquisition module, NI-cRIO, ELVIS-III, LabVIEW.

NOTE: All the labs are under procurement process of new equipment, both in terms of hardware and software after independently functioning as separate department from Jan. 2020.

** The lab is sponsored in part under Research Scheme on Power (RSoP) by central power research institute (CPRI), Bangalore, Ministry of Power (MoP), Govt. of India, and also supported in part under

* The lab is supported in part by NPIU-MHRD, TEQIP-III under Collaborative Research and Innovation (CRI) Scheme.

8. Consultancy:

List of testing and R&D facilities available in the Deptt. of Electrical & Electronics Engineering (EEE)

- A sophisticated facility to test and calibrate the gas density leakage sensor to be withstand in 50-MV AC / 70-MV DC environment; specially designed for SF6-Gas Insulated Switchgear (GIS)/ Circuit Breaker environment.
- Necessary infrastructure to design and develop Smart plugs for rotating electrical devices.

9. Other Information of the department

- a) The Department has also organized different types of continuing education programmes, namely, STTP/STC/FDP etc. for the benefit of the field engineers and the faculties of various institutions inside as well as outside the state. Some of the lists of programs are as follows:
- AICTE QIP Sponsored Short Term Course on “Intelligent Control and Sensing of Smart Grid and Smart Cities”, Duration: One Week (30.04.2018 to 05.05.2018). [Coordinator: Dr. Gyan Ranjan Biswal].
 - TEQIP-III Sponsored STC on “Modeling and Simulation of Electrical Systems using MATLAB/Simulink”, Duration: One Week (28.10.2019 to 02.11.2019). [Coordinator: Dr. Sasmita Behera]
 - AICTE Sponsored STTP on “Applications of Soft Computing in Power System”, Duration: One Week (02.12.2019 to 07.12.2019). [Coordinator: Dr. Sasmita Behera]
- (b) Course Restructuration: New course curricular development; with effect from AY 2019-20
- Dr. Sasmita Behera for B.Tech. – EEE and
 - Dr. Gyan Ranjan Biswal for M.Tech. – C&I

DEPARTMENT OF ELECTRONICS AND TELE-COMMUNICATION ENGINEERING

1. About the Department:

Electronics, particularly computer usage coupled with recent explorations has already crept into every sphere of human activities. Every industry, institution & organization feels the need of an Electronics Engineer. Advanced countries in the world have gone to such depths of electronics today that an Electronics Engineer is indispensable in every front. Opportunity in this highly sophisticated and advanced branch of engineering is immense. Keeping in view the need of the subject, the Electronics and Telecommunication Engineering Department of VSSUT, Burla offers quite an attractive up-to-date 4 year B.Tech Degree course, 2 year M.Tech Degree courses and Ph.D. programme. The students graduated from this department are now well-placed in important National and International organizations. The department organizes National conference, Symposia, Seminars, Exhibitions & Short term courses on advanced topics. The students of this department have own distinctions in All India Technical Students Meet for their technical paper presentation.

6. Other information of the Department:

Apart from the regular faculty members, following two faculty members are engaged in the department under TEQIP-III program.

1. Mr. Amaresh Kumar Sahoo
2. Mr. Imtiyaz Khan

There are four numbers of permanent technical staffs and three numbers of non-teaching employees are working and are listed in the following table:

S/L NO.	Name	Designation
1	Mr. Tapas Ranjan Mohanty	Senior Instructor
2	Mr. Suraj Kumar Mishra	Junior Instructor
3	Mr. Ramji Dehury	Junior Instructor
4	Mr. Surya Kanta Sahoo	Mechanic
5	Mr. Narendra Kumar Parida	Laboratory Attendant
6	Mr. Rama Chandra Sahoo	Treasury Sarkar
7	Mr. Pramod Kumar Swain	Peon

The department offers facilities for advanced research and has already awarded Ph. D degree to twelve no. of scholars. The faculty members are also pursuing research work regularly leading to publications in national and international journals to their credit. The department has a library of its own with a good number of books along with IEEE magazines & journals to help the students. The department has a society named "Electronics & Telecommunication Engineering Society" for the students. The department conducts annual national level student seminar "Techtronix" in addition to regular training programs in electronics related subjects in collaboration with institute of national importance & industries.

DEPARTMENT OF HUMANITIES

1. About the Department:

The Department of Humanities was founded in 1956. It is a multi-disciplinary department having three disciplines: Economics, English and Organizational Behaviour. The Department of Humanities plays a unique and distinctive role in an institute where the ethos of science and technology prevails. It is believed that engineering and science are, by their very nature, humanistic and socially derived enterprises. Hence a complete science and technology education must include liberal arts, economics, social and behavioural sciences where the students unite application of scientific principles along with human, moral and social understanding.

The undergraduate courses taught by the department aim at making the science and technology students aware of the various issues concerning man and society. They are meant to sensitize students to the broader social, cultural, economic, ethical and human issues involved in social changes. The vision of the department is to be the centre of excellence in the field of education with creative learning.

DEPARTMENT OF INFORMATION TECHNOLOGY

2. About the Department:

In recent years, the challenges before the educational institutes are manifold. It will have to cope with fast changes in technology simultaneously, training more students with adequate information with less availability of financial support for expansion and excellence.

To meet these challenges, the University introduced a new 4 year B.Tech. Course in Information Technology which is the latest emerging area in the present generation. The course was duly approved by AICTE and offered by the University from the academic session 2003-2004 on self financing basis. Presently, the department offers the following courses.

- B.Tech. degree in Information Technology (IT)
- M.Tech. degree in Information & Communication Technology (ICT)
- M.Tech. degree in Computer & Information Technology (CIT)
- Ph.D. (Engg.) Programme in Information Technology

MISSION

1. To provide quality education to the students to have a clear, concise conceptual understanding of the basic theories and principles of the subjects.
2. To provide best in class learning ambience to enhance the logical & analytical skills, and to prepare the students for higher studies, research and continuous contribution to technical field.
3. To provide exposure of latest tools and technologies in the area of engineering and technology to provide sustainable and cost effective solutions.
4. To allow students to work in team to explore their leadership Quality, Interrelationship skills and interest to their full intellectual potential and ability.
5. To create socially responsible citizens having ethical students.

VISION

The Department of Information Technology aspires to emerge as a center of scholastic excellence in the field of academic and research as in to meet the global requirements through imparting quality technical education, research expertise and ethical values in a direction that would inspire and encourage students to generate value based output to the society government, industry and academia in terms of technical and professional expertise, skill sets, creativity with a blend of leadership and entrepreneurial expertise.

DEPARTMENT OF MATHEMATICS

1. About the department :

The department was established in 1956. Since then it has always shared the vision of the University in striving for excellence in research and teaching activities and has succeeded in this endeavour to a large extent. Over the years, the department has evolved as one of the premier departments in the Odisha State providing excellent teaching and research in Mathematics.

The department offers M.Sc., M.Phil, Ph.D. programmes besides its basic responsibility of offering Mathematics course to B.Tech. and M.Tech. students.

The vibrant academic environment is nurtured by strongly motivated well qualified faculties and provides an opportunity to pursue research in front line areas of basic sciences as well as in interdisciplinary areas of science and technology. In the coming decade, apart from the existing areas, the department intends to develop areas related to mathematical aspects of computing science in all its manifestations.

Our vision is to foster in mathematical education and research, technical excellence, well poised between abstraction and application.

2. Faculty Details :

3. Dr. Susanta Kumar Paikray (H.O.D)	M. Sc. & M. Phil. (Ravenshaw Univ.); Ph. D (Berhampur Univ.)	Summability Theory, Fourier Series, Operations Research, Graph Theory.
<u>ASSISTANT PROFESSORS</u>		
4. Dr. Saroj Kumar Padhan	M.A. (Sambalpur Univ.), M.Phil(Sambalpur Univ.), Ph.D (IIT Kharagpur)	Optimization, Functional Analysis, Fractional Calculus
5. Dr. Itishree Nayak	P.G.(Utkal Univ.), M.Phil (Utkal Univ.) Ph.D (Utkal Univ.).	Numerical analysis,numerical solution of partial differential equation
6. Dr. Ashok Kumar Sahoo	M.Sc.(Maths), M.Phil(Maths), M.Tech., Ph.D (Utkal Univ.)	Complex Analysis

7.	Dr. Smrutiranjana Mohapatra	M.Sc. (S.U.) Ph.D (IIT Guwahati), PDF (IISc. Bangalore)	Interaction of waves with submerged structure(s), Water wave problems with floating elastic plate(s), Flows in porous media
8.	Mr. Niran Meher	M.Sc. (IIT Bombay)	Functional Analysis, Numerical Analysis
9.	Dr. Amit Ku. Sharma (TEQIP Sponsored)	M.Sc. (Utkal University) Ph.D. (IIT Delhi)	Algebraic coding Theory
10.	Dr. Dillip Kumar (TEQIP Sponsored)	M.Sc. Ph.D (BHU)	Fluid Dynamics

3. Courses Offered :

- (a) **B.Tech.** : Mathematics I, Mathematics II, Mathematics III, Mathematics IV (Common to all Branches)
- (b) **MCA** : Discrete Mathematics (1st semester), Quantitative Techniques (2nd Semester)
- (c) **M.Sc.** : 2 year M.Sc. in Applied Mathematics, 5 Year Integrated M.Sc. in Mathematics
- (d) **M.Phil** : 1 year M.Phil in Mathematics
- (e) **Ph.D.** : Ph.D in all areas of Mathematics

Research Methodology, a compulsory subject for Ph.D. Course work for the research scholars of all branches of science and engineering is being offered by Mathematics department.

4. Details of research areas of faculty members :

Sl.No.	Name of the Faculty member	Research Area
1	Prof. J. Panda	Fluid Dynamics, Numerical Analysis

DEPARTMENT OF MECHANICAL ENGINEERING

1. About the Department:

Department of Mechanical Engineering came into existence in 1956 as one among three engineering branches of University College of Engineering Burla. Since its inception, the department has constantly focused in developing the academic excellence of the students in Mechanical Engineering and also in various research activities. Over the years, this department has produced eminent technocrats who are engaged in important positions all over the globe. Producing best graduates who proved themselves worthy to society, is one of the major strengths of the department. Students of this department are performing very well in competitive examinations such as GATE, GRE, CAT, UPSC etc. Students are placed in a number of responsible positions and many of them are pursuing their higher studies in prestigious institutes of the country like IISc Bangalore, IITs, NITs, IIITs, IIMs and abroad. Moreover, the Department has a rich pool of faculties with expertise in their respective areas who are engaged in large number of sponsored R & D projects and consultancy works. The curriculum of this branch is designed in such a manner that it covers the most recent trends in technology to keep pace with the international standards. This department has produced highly motivated professionals (around 4000) to serve the humanity both nationally and internationally, with excellence. So far, this branch has produced over 450nos. of M. Tech and 24 nos. of Ph.D. students. Currently two of the Master's degree specializations i.e., Machine Design & Analysis and Production Engineering, are NBA accredited by AICTE upto 2021.

Mission:

Mechanical Engineering Department of VSSUT Burla strives to impart quality education to the students with enhancement of their skills to make them globally competitive through:

- Maintaining state of the art research facilities to provide conducive environment to create, analyze, apply and disseminate knowledge.
- Fortifying collaboration with world class R&D organizations, educational institutions, industry and alumni for excellence in teaching, research and consultancy practices to fulfil 'Make In India' policy of the Government.
- Providing the students with academic environment of excellence, leadership, ethical guidelines and lifelong learning needed for a long productive career.

Vision:

To be recognized as a center of excellence in education and research in the field of mechanical engineering by producing innovative, creative and ethical mechanical engineering professionals for socio-economic upliftment of society in order to meet the global challenges.

10. Achievements of the Department:

Since its inception the Department itself has proven its sky-rising worthiness by producing Engineers in a large number for the service to the society, who have proven their credibility in different fields. A brief achievement of both the faculties and students of the Department, in different scenario is being represented herewith;

• Faculty Achievements:

Currently the department has total 30 number of highly qualified faculties from prestigious Institutes of the Country (03 Professors, 09 Associate Professors and 18 Assistant professors). Their achievements are enlisted herewith in the form of their enormous publication number, and awards/honors being received by them.

• Student Achievement:

Though there are many achievements by the students, a few are enlisted below:

- Er. Manas Bhadra (B. Tech. 2009) is actively associated with Mars Mission of ISRO
- Mr. Sarthak Samal (B. Tech. 2015) has been selected as Port Engineer in Ukraine Anglo Eastern Company with salary of Rs. 21.00 lakhs per annum.

- c. T. Tejaswini (Robotics Club): AIR-1 IN National student's space Challenge-2018 at IIT, Kharagpur
- d. Mrs. Smaranika Nayak awarded M. Tech Gold medal in 2012
- e. Miss. Rasmita Parida awarded M. Tech Gold medal in 2013
- f. Miss Silva Acharya awarded best graduate in 2012
- g. Miss Subhasmita Nayak awarded best graduate in 2015
- h. Miss Ananya Satpathy awarded best all rounder in 2015
- i. Miss Saswati Chand has been selected for MS programme (2016) in Industrial Engg., North Carolina State University, USA

- **SAE Club (Mechanical Engineering) Achievements:**

The SAE Club was established in the year 2011 and since then has never looked back. Few of its achievements are as follows:

- AIR 3 in Design Event in Supra 2018
- AIR 4 in Cost Event in Supra 2018
- AIR 9 in overall Supra 2018
- AIR 15 in Design Event in Formula Bharat 2018
- AIR 14 in Quiz Event in Formula Bharat 2018
- AIR 36 in overall in Formula Bharat 2018
- AIR 4 in Design Event in FFS 2019
- AIR 3 in Cost Event in FFS 2019
- AIR 7 in overall in FFS 2019

DEPARTMENT OF METALLURGY & MATERIALS ENGINEERING

1. About the Department :

The Department of Metallurgical & Materials Engineering (MME) was established in 2013. This department is devoted to the designing, creation and fundamental understanding of materials that are capable of enhancing the human experience.

At present, the Department offers a 4 - year B. Tech. programme, M.Tech. in “Industrial Metallurgy”, PhD in “Metallurgical & Materials Engineering” and a 4 - year B. Tech Executive programme for industrials employees in collaboration with Department of Production Engineering as a course name “Manufacturing and Process Engineering”. On completion of this courses the student gains skill to get into a rewarding career in industries, academic, government and private sectors like SAIL, VIZAG Steel, Hindalco, Balco, Vedanta, Tata Steel, TRL, Bhushan, Accenture, TCS, Wipro, Infosys, Cognizant and various CSIR laboratories such as IMMT (BBSR), NML (Jamshedpur) etc. The main focuses of the department activities are multi-directional with an emphasis on both teaching and research. Currently, the department is setting up various laboratories involved in undergraduate courses. The faculties of this department have completed their M. Tech and PhD degrees from various IITs, NITs and foreign universities. Since establishment of department, it has 8 laboratories with good number of equipment. The current approach of our department is to develop each and every laboratory with multifunctional objectives. Presently, aiming to improve and share the knowledge of the different course with the better understanding and at the same time to integrate the research facility with consultancy. Department is also engaged in solving real industrial problem of Aditya Aluminium. The department is developing liaison with research labs; mandating industry partners and extending entrepreneurship challenges and initiating the interdisciplinary research. The department has introduced e-learning courses / lecture notes for students, to understand the subject in depth. The department has an idea to create internship programs for students of other university / college by developing the various laboratories. The motivation of our department is to improve knowledge by interacting and pursuing research students with mutual exchanging ideals. The department aims in becoming a globally prominent department in the field metallurgy & materials engineering, and a Centre of excellence. Mission of the department is to promote student achievement and preparation for global competitiveness by fostering Educational excellence in the field of materials and process and to carry out quality research of national and global relevance.

8.	Dr. Renu Prava Dalai	Steel matrix composite materials, TMP of high Mn steel, Tribology and corrosion study of steel and composite, synthesis of MMC by powder metallurgy	Institute silver medal in M.Tech at NIT, RKL. First Prize in oral presentation in composite 2010, IIT, Kharagpur. 1 st Prize in metallography composite 2010, IIT, Kharagpur
9.	Dr. Manila Mallik	Lead-free solder, Nonindentation creep of lead free solder, synthesis of nano powder, commission and tribology composited materials.	Institute silver medal in M.Tech at NIT, Rourkela
10.	Mr. Gourahari Behera	Solid state welding Nano alloy synthesis and characterization, solidification process	

DEPARTMENT OF PHYSICS

1. About the department:

The Department of Physics was established in 1956. Since the inception of the University, the department is contributing to the academic and administrative development of this institute. The department offers Master Degree Programme in Applied Physics since 2010, Integrated M.Sc., and M.Phil. programmes since 2014. Research in the department ranges across the most challenging problems in theoretical and experimental condensed Matter Physics, (Multiferroics, Functional materials, glass ceramics) Liquid Crystals, Nuclear and particle physics, Computational Physics of Complex Systems, Ultrasonics, and Plasma Physics etc. So far seven persons have completed their Ph. D work. The department plans to offer various elective courses for both PG and UG programmes in specific topics on emerging, and multidisciplinary areas in future.

2. Ms. G. Biswal has been awarded Biju Pattnaik Research Fellowship for parsing.

DEPARTMENT OF PRODUCTION ENGINEERING

1. About the Department :

Manufacturing or Production, in its broadest sense, is the process of converting raw materials into useful products. It encompasses the design and manufacturing of goods using various production methods and techniques. Manufacturing is the backbone of any industrialized nation and its level of manufacturing activity is directly related to the economic health. Advanced Production Technology with computer controlled processes is the present day need of the manufacturing industries.

Production Engineering has emerged as an independent discipline catering to the global need. Thus, the department was started in the year 1996 with an annual intake of 30 with the following objectives and core values.

- To promote academic excellence.
- To raise the level of knowledge, competence and skills in the area of manufacturing engineering.
- Implementation of new curriculum and innovative instructional methods, such as self-paced learning, problem-solving projects, training in industry.
- To establish and expand research capabilities for students and faculty.
- Consulting projects that will serve industry and the community.
- Exposure and experience with advanced manufacturing technologies such as Robotics, FMS, CIM, Non-conventional machining etc.

Core production engineering subjects, topics on advanced production technologies, IT related subjects and topics on managerial skills are carefully designed and put in the course structure to produce industry ready professionals. The job opportunities lie both in core manufacturing sectors and IT sectors. Due to high rate of globalization and industrialization, the scope of employment for manufacturing professionals is vast and is ever increasing.

- Examination of failure of the welded joint
 - Mechanical characterization of materials
 - Tribological characterization of materials.

7. Other information of the department

The current research works that are being carried out in the department are:

- Thermal analysis, tool erosion, crack initiation and propagation in EDM surfaces
- Study of Surface roughness
- Analysis of eroded crater formed under growing plasma channel in EDM
- Thermal analysis and study of hole contour, surface damage (HAZ) in Nd-YAG laser drilling.
- Analysis of MRR, surface roughness, tool wear in USM
- Analysis of MRR through mathematical and statistical modeling in AJM
- Application of soft computing techniques in FMS scheduling
- Application of TOC in product mix problems
- Simulation and modeling using Robotics and Factory Floor software tools

DEPARTMENT OF TRAINING AND PLACEMENT

Name	Qualification	Specialization
PROFESSOR, T&P Dr. Prasanta Nanda	B.Sc (Engg) (Hons) (OUAT) M.Tech (IIT, Madras) Ph.D. (Jadavpur)	CFD & Heat Transfer

A. Scope

Proper planning of the Technical manpower is considered to be very important for the growth of the country. Govt. of India has given utmost importance to the engagement of the Engineering graduates in Technical establishments soon after their graduation. In all technical institutions in the country, there are separate department of training and placement to impart meaningful training to the students and to guide them to choose right career. The following are the various activities of the Training and Placement section of the University.

B. Educational Tour

Educational tours provide firsthand knowledge about field application of technical knowledge and help widen the overall concept. The training and placement department arranges such tours for the students. Local tours of duration 1 to 3 days are conducted to different industries.

C. Career Guidance

Career guidance programmes are being conducted by this department to help students to know the avenues before them or to choose

the career they wish to take up and succeed in recruitment test. Career counselling helps the students in choosing a right career and accordingly they prepare themselves well in advance. Special care is taken to expose the students to various career alternatives such as entrepreneurship. Personality Development and Subjective coaching Programmes are also conducted for the students to prepare them for various competitive examinations, group discussions and interviews. These programmes are conducted through reputed agencies such as Career Launches, Time, IMS & Mafoi. Besides, experienced persons from nearby industries are also invited to conduct such programmes. Companies like SUN and INFOSYS recognize this institute and have appointed ambassadors who impart technical training.

D. Campus Interview

Many industries of repute, engineering organisation, consultancy services as well as defence organisations are invited to participate in Campus Recruitment programme conducted

in the University for final year and pre-final year students. At times, the students are also sent to different organisations for GET selections. Organisations like IBM, SATYAM COMPUTERS, iGATE, Tech Mahindra. TATA MOTORS, SAMSUNG, Vodafone, Hexaware, Tavant, PPI, Essel Mining, TATA SPONGE IRON LTD. JINDAL STEEL, TELCON, INT AUTO LTD, TATA MOTORS, L & T. TRL, IMFA. HINDALCO, MAHINDRA & MAHINDRA. MINDTREE, TCS, Wipro, INFOSYS, HP PAPER, POLARIS, HCL VEDANTA, ACC. SIMPLEX CONSTRUCTION visit our University for campus interview. Many graduates get appointments in Public Sector Undertakings like SAIL, NTPC, NALCO, MCL, ONGC. IPCL and HAL through competitive written tests and interviews. A few brilliant and top ranking students go for higher studies through GATE / CAT/ XAT examinations. Necessary information on the above job opportunities and higher study are made available to the students in Training and Placement Department. Our graduates and Post graduates are highly rated and respected in both core and software industries.

E. Entrepreneurship Motivation

Technical graduates are considered to be the most potential section of human resource for the growth of small scale industry. The department organises Entrepreneurship

Awareness Camps with the help of Entrepreneurship Development Cell with a view to motivate them to take up entrepreneurship as a career.

F. Other Activities

The department keeps close contact with the Industrial establishments including Govt, Public Sector and Private Undertaking for mutual interaction between industry and technical institution. Advertisement and other information like students participation in technical seminars are brought to the knowledge of the students. Technical events like Wipro Coding Text & Orientation programme from Industrial Houses are organised. Students are getting a chance to sit for large number of companies by setting for standardised tests like PAC, Pep-SyQuest, etc. Every year, our students excel with many prizes in all India technical paper contests conducted at NITs & IITs. The department provides other facilities like Train, Bus and Air concessions to the students twice a year to enable them to go home/ training place during vacations. The department organises practical training for all students. There is a plan to build superior infrastructure for placement activities.

CENTRAL COMPUTER FACILITY

Dr. Suvasini Panigrahi

Associate Professor in Computer Sc. & Engg.

Professor In-charge

The Central Computer Facility of the University was established in the year 1987, with financial assistance from MHRD, Govt. of India as a Zero level facility. During year 1992-93, HCL-HP Meteor-III UNIX server with a number of nodes and PCs were installed. The facilities have been upgraded and expanded from time to time. In the year 1998 an advanced Pentium based SCO-Unix server with 15 terminals was added and a good number of application software have been installed. The Central Computer Facility has been given a face-lift through a MODROBS project of All India Council for Technical Education, New

Delhi. Another P-Windows. NT based server, a larger number of P-III and Celeron PCs, other terminals have been added during 1999-2000 through the project grant. During the golden look at the present day's needs, software's like JAVA, ORACLE, Visual Studio etc. have been kept open for the benefit of the students. Facilities also exist for using various languages like C, C++, Java in various operating environments like WINDOWS, DOS, UNIX and LINUX.

In the recent past another 35 Nos. of Pentium-IV PC have been added to the Centre.

CENTRAL INTERNET FACILITY

Dr. Manas Ranjan Kabat

Associate Professor in Computer Sc. & Engg.

Professor In-charge

The Central Internet Facility is one of the Central Facilities available in the University which caters the need of the students, faculty and staffs in performing various activities like conducting on-line tests for campus recruitment and web browsing for project & research work.

The University has a campus wide data communication network based on Ethernet technology. The entire academic building and all hostels in the campus are covered under LAN with Cat-6 UTP cable & fiber optic backbone thus connecting all the departments, laboratories, and Office and individual faculties. The University is availing 1 Gbps internet connectivity from BSNL under NME-ICT scheme

of MHRD Government of India initiative. This will enable the University to become a member of National Knowledge Network (NKN).

The Internet Center in CIF is equipped with 100nos. of desktop computers for browsing of students and staffs and also conducting different on-line tests. The network is used for accessing the web site of the University which provides insight information of various sections of the institute, e-mail, Internet, Database Access; Server for research information facility.

The Internet center remains open from 8.00AM to 8.00PM on all working days of the University.

CENTRAL LIBRARY

Dr. Harish Kumar Sahoo - Professor in-charge

Dr. Archita Nanda- Librarian

A. General Information

The University Library is the largest technical library of the State. A new separate library building has come up with the assistance from U.G.C. and State Govt. and the library has started functioning in its newly constructed building since July, 1997.

The new library building is a three storied one having area of 10,900 sq. ft. The different sections of the library have been planned in different floors. The ground floor is used for the Circulation Section and the General book Bank. The first floor houses the Journal Section, Reference Section, Reprographic Section and the Administrative Section of the Library. The top floor is used for Text Book Section. There is a reading hall with capacity for 100 students in this floor. A portion of this floor is used for housing the SC/ST Book

Bank. The Library remains open from 8.30 AM to 8.30PM on all working days of the week except in the hot summer months (April & May) during which there is a break from 1 PM to 2.30 PM.

The total collection of the Library is around 66,500 volumes including books and bound journals. About 70% of the total collection is of Engineering disciplines and remaining 30% is of Science, Humanities and General reference type. The central Library is fully automated by using SLIM 21 automation software. The Library subscribes 74 nos. of print journals, 3605 E-Journals and 8 Databases.

B. Library Rules :

1. All the Library users must be a member of VSSUT Library. They must bring their library cards before entering the library.

2. The users of the Central Library are advised to put their signature in the register while entering the library.
 3. Library users are advised to keep their all personal belongings at the property counter except notebooks, pager, calculator, tablet while entering the library.
 4. The library user shall not engage in audible conversation in any part of the Library.
 5. The user shall not write upon, damage or mark any book belonging to the Library.
 6. A person responsible for any damage caused by him/her to the books or any other property belonging to the Library, shall be required to pay the penalty imposed upon him/her by the Librarian.
 7. Use of mobile phone in the Library is strictly prohibited.
 8. The reader should check the books before borrowing to insure that these are not damaged. If a book is found to be damaged or certain pages are missing, the borrower should get this statement recorded on the book, otherwise he/she shall be held responsible for the damage, found at the time of returning the books.
 9. Smoking, pan chewing and spitting in the Library are strictly prohibited and punishable offence.
 10. Photography is not allowed.
 11. Membership privileges of a user can be suspended on account of misbehavior with the Library staff or for indecent manners.
 12. B.Tech, MCA and 5 yrs. Integrated M.Sc & M.Sc (two years) students can issue three (3) nos. of books and M.Tech, M.Phil students can issue (4) nos. of books for two weeks. The Research Scholars can issue 2 nos. of books for two weeks.
 13. Faculty members can issue ten (10) nos. of books and for one semester failure in which fine shall be collected as per Library rule. The staff of the university can issue two (2) nos. of books for one semester.
 14. The overdue charges may be imposed @ 0.50 paise per day per book.
 15. The users are not allowed to reissue the same book which is returned on the same day.
- Rules regarding recovery and replacement of books :**
- A. If the book is lost, the user has to replace with current edition of the book. Otherwise double of the purchased cost shall be levied.

HALL OF RESIDENCE FACILITY

Prof. Sudhansu Sekhar Das

Dean, Students' Welfare

Since inception every efforts has been made at the institute to provide the best facility for students who live on campus. Every student has access to a wide range of activities, facilities and supports. Besides the regular hall dining facilities, there are affordable food services on campus that provide inexpensive and easily accessible evening options.

Out of eight nos. of Halls of Residence in VSSUT campus, there are five halls of residence for boys which accommodates nearly 1000 students in two / three / four bedded rooms and three halls of residence for girls accommodating 600 students.

The mission of VSSUT is boldly displayed at all important and strategic points in the Halls of residence areas. This dictum silently contributes to the healthy environment of commitment and discipline among the students.

The students are encouraged to develop community life and inculcate the spirit of tolerance, thus taking care of their psychological and emotional problems and shape themselves to be better citizens.

The well maintained and spacious vegetarian and non-vegetarian dining halls in the Halls serve wholesome, nutritious food.

The students are advised to give contact address of their parents correctly. In case of change of address, the parents/guardians are requested to send their latest address and
