About the Orissa Chemical Society

OCS was established in the year 1985 with the following objectives:

- To promote, improve the standard of teaching of chemistry and inculcate research in chemistry in the state of Odisha.
- To organize conference, symposia and to bring out a journal in chemistry.
- To popularize the discipline of chemistry and to create public awareness regarding environmental impacts of the use of various chemicals in our daily life.
- To honour the eminent teachers and chemists of the state of Odisha.
- OCS annually organizes memorial & award lectures.

About the University

The Veer Surendra Sai University of Technology, Burla, formerly known as University College of Engineering, was established in 1956. The Institute is well known for its quality teaching, research potential and faculty eminence and is a premier Government Institute of the state of Odisha. This Institute has sculptured its own standard amongst the best technical Institutions in the country having more than 20,000 graduates and 3,000 post-graduate engineers, serving in reputed Organizations around the globe as its alumni. An Internationally acclaimed Technical University to impart futuristic technical education and creation of vibrant research enterprise to create quality engineers and researchers, truly world-class leaders and unleash technological innovations to serve the global society and improve the quality of life.

About the Department

The department of Chemistry started in 1956 with the establishment of University College of Engineering, Burla. It is one of the oldest Chemistry Department in the state started under the founder headship of Late Prof. Sripati Pani, Ph.D (London). Luminaries like Prof. R. C. Das, Professor of this department, later served as the Chairman of Pollution Control Board, Odisha and Vice Chancellor of Berhampur University. The department

infuses the basic fundamentals of chemistry to the students at B.Tech. level. The department started M.Sc. programme (Chemistry) from 2010–11, Integrated M.Sc. (Chemistry) programme from 2013–14, and M.Phil. (Chemistry) programme from 2014–15. The syllabus of the postgraduate courses, which includes emerging areas of Chemical Science such as Nanochemistry, Green Chemistry, Supramolecular Chemistry, Materials Chemistry, designed to cater the Industry and Academia requirements. Further, Research Scholars are enrolled in the department of chemistry leading to Doctoral Degree. Besides, the department is engaged in consultancy works, which involves testing of chemical and engineering materials supplied by many National level, State level, and local industries. Research projects from different funding agencies such as UGC, DST, CSIR, AICTE, DBT, etc. have been under taken by the faculty members of this department.

About the RAIMS

RAIMS–2022 is the Seventh such event of RAIMS series being organized by Department of Chemistry since 2013 and could attract renowned scientists and academicians during Six series. RAIMS aims to bring together academicians, leading engineers, industry researchers, and research scholars to share their experiences, expertise, and research results about all the aspects of Materials Science and Engineering.

Venue and Location

The programme will be held at Department of Chemistry, Veer Surendra Sai University of Technology, Burla, Sambalpur 768018, Odisha, India
