

## SC/ST Cell

India is a country with multiple religion, caste and culture. However, the Indian Society is characterized by a highly-entrenched system of social stratification. Social inequalities sometimes led to denial of access to materials, cultural and educational resources to the disadvantaged groups of societies. Scheduled Castes (SC) and Scheduled Tribes (ST) have been identified as the two most backward groups of Indian Society. They include all the castes, races or tribes, which have been socially, economically and educationally backward. The SC/ST cell of the University has been established with the purpose to empower the SC/ST students in the University. The University takes special interest in facilitating financial support to students from these communities from government agencies and other sources.
