To consider the proposal placed by School of Computer Sciences (Annexure -VII)

Resolution: The Council deliberated on the suggestions made by the School of Computer Science. Following resolutions are made and recommended for approval by BOM and consequently by SD&TE Department.

- (a) The existing intake of B.Tech in Information Technology and Computer Science will be merged and the total intake will be offered for Computer Science and Engineering (120 nos). This is due to the fact that IT and CSE has 90% courses in common and CSE is more accepted in the Industry and Academia of repute.
- (b) The present qualification norms for MCA students through the OJEE does not restrict the students with poor background and as a result it has been observed that poor quality students are getting admitted. It has also an impact on placement. Further, the MCA course has been modified to two years in contrast to three years as earlier. Considering this, it is suggested to either modify the eligibility criteria for admission or to stop the MCA admission and take the same number of students in Computer Science and Engineering.
- However, the necessary decisions be made in consultation and approval from SD&TE Department.
- (c) Considering the IDP implementation, where the main mandate is to increase the B.Tech. intake, The new courses proposed to be offered to be introduced gracefully year by year.
- (d) M.Tech. Programs earlier offered in IT Department will be dropped and the following B.Tech & M.Tech. Programmes will be offered in the School of Computer Sciences. This is considering the present trend and need of the industry and academia.
- (i) B.Tech CSE: 120
 - (ii) B.Tech CSE ((Specialization: AIML): 60
 - (iii) B.Tech CSE (Specialization: Data Science) : 60
 - (iv) M.Tech. CSE (Specialization: CSE): 18
 - (v) M.Tech. CSE (Specialization: AI&ML): 18
 - (vi) M.Tech. CSE (Specialization: Cyber Security): 18
 - (vii) M.Tech. CSE (Specialization: Data Sciences): 18
 - (viii) M.Tech. CSE (Specialization: IoT): 18
- (e) For the Academic Year 2024-25 the following programmes will be offered after due approval from SD&TE Department
- (i) B.Tech. CSE: 120
 - (ii) B.Tech CSE (Specialization: AIML): 60
 - (iii) M.Tech CSE (Specialization: Computer Science & Engg.): 18
 - (iv) M.Tech. CSE (Specialization: AI&ML): 18
 - (v) M.Tech. CSE (Specialization: Data Sciences): 18
- (f) All the faculty and staff members of CSE, IT, and MCA Departments will be part of the School of Computer Sciences. Considering their professional growth all qualifications and specializations will be considered for Direct and CAS recruitment if they fulfill other eligibility criteria as per AICTE norms.
