About VSSUT

The Veer Surendra Sai University of Technology (VSSUT), Burla, formerly known as University College of Engineering (UCE), was established in 1956. The Institute is well known for its quality teaching, its research potential and faculty eminence and is a premier Government Institute of the state of Odisha. This Institute has sculptured its own standard amongst the best technical Institutions in the country having more than 20000 graduates and 3000 post-graduates, serving in reputed organizations around the globe as its alumni. VSSUT is an internationally acclaimed Technical University to impart futuristic technical education and creation of vibrant research enterprise to create quality engineers and researchers.

About ISTE

The Indian Society for Technical Education (ISTE) is the leading national professional, non-profit society for technical education in the fields of engineering and technology. It is registered under the Societies Registration Act of 1860. The organization was established in 1941 with the primary objective of promoting the career development of engineering teachers, personality development of students, and the overall advancement of the technical education system in India. At present, ISTE has a large and active membership, including 1,35,525 life members who are technical teachers, 5 lakh student members, 3,052 institutional members (including prestigious institutions such as IITs, IISc, NITs, and other leading technical institutions), 1,453 faculty chapters, 1,649 student chapters, and 19 state-level sections across the country. The major objective of ISTE is to provide quality training programs for teachers and administrators of technical institutions. These programs aim to update their knowledge and skills, thereby contributing to the development of high-quality professional engineers and technocrats required by industry and other organizations.
